What is STGMA all about?

STGMA is a family of believers, comprised of a wide variety of Christian denominations. It is our fervent desire that the name of Jesus be exalted in all we do in word or song. The Board of Directors and appointed Officers firmly believe that our members are emissaries of Jesus Christ and, as such, must reflect that premise at all times by their choice of music selection, attire, contrived homily or personal activity. Rather than create a list of “commandments,” we would like you to...

Please ask yourself...

1. Does my song, word choice, wardrobe selection, personal actions or activities have ANY chance of being misunderstood, misrepresented or do they violate laws or widely held Christian standards of conduct and integrity?
2. What would my three most trusted human advisers tell me, if I asked their opinion regarding anything in item No. 1 above?
3. Will what I do, say, sing or otherwise communicate, bring honor and glory to our Lord and Savior?

The STGMA Board of Directors reserves the right to communicate with our performing members regarding any verifiable instance of some word or deed that has generated a negative response, or in the judgment of the Board of Directors and the appointed Officers, is contrary to the generally accepted manner of spreading the Gospel of Jesus Christ via testimony and music. Thank you again for your interest in STGMA. We look forward to receiving your membership application.

Respectfully,
STGMA Board of Directors and Officers
